

WHY SUNSET BAY OUTDOOR KITCHENS?

Features & Benefits

-***Sunset Bay Outdoor Kitchens*** are an extension of indoor kitchen activities. They are the places that family & friends always gather when you're entertaining.

-***Sunset Bay Outdoor Kitchens*** are **Fully Modular** allowing for movement or expansion at any time. Should you start small due to patio or deck size limitations and later expand your patio or deck or move to a new location, **SIMPLY** unscrew and move or expand as needs or desires change.

-***Sunset Bay Outdoor Kitchens*** are constructed of lightweight aluminum, not affected by the elements and capable of being installed just about anywhere.

-***Sunset Bay's Lift-Off Panels*** allow for the refacing of the kitchen at any time. Special mounting panels allow the contractor to veneer-cut stone or brick and apply to match existing home-exterior. **Be Creative!** Optional panel inserts include patterns in stone, brick, rock, wood and tile.

-***Sunset Bay's Paint Finish*** is **Decaphlon™ Powder Coat**, which is a superior architectural powder coat that will not chalk, chip or fade. It was designed to meet the performance and durability requirements of top architectural specifications. Paint finishes have passed rigorous testing for hardness, adhesion, thickness, and resistance to impact, abrasion, corrosion and chemicals. The finish has surpassed South Florida weathering exposure testing and therefore carries a 10-Year Warranty.
